

Publications

Peer reviewed journals, at peer reviewed conferences, and by invitation:

Pedersen 1969

Pedersen M Fog, Worsøe-Petersen J (1969). Trachea osteoplastica. *J laryngol otol*; 83:883-8.

Pedersen 1971

Pedersen JF, Pedersen M Fog, Madsen PO (1971). Clinical renal function testing by external double isotope monitoring technique. *Nuclear medicine*; 10:16-24.

Pedersen 1971

Pedersen JF, Pedersen M Fog, Madsen PO (1971). Clinical renal function testing by external double isotope monitoring technique. *Nuclear medicine*; 10:16-24. [NCBI-link](#)

Pedersen 1971

Pedersen M Fog, Pedersen JF, Madsen PO (1971). A clinical and experimental comparative study of sodium colistemetate and polymyxin B sulphate. *Invest urol*; 9:234-7.

Tos 1972

Tos M, Pedersen M Fog (1972). Kronisk sekretorisk otitis media. *Ugeskrift for læger*; 134:1561-8.

Pedersen 1973

Pedersen JF, Pedersen M Fog (1973). Simultaneous determination of glomerular filtration rate and effective renal plasma flow by external double isotope monitoring technique. Experimental and clinical experience with a catheterfree clearance method. *Acta Chir Scandinavia*; S433: 121-5. [NCBI-link](#)

Pedersen 1973

Pedersen M Fog, Boberg A (1973). Examination of voice function of patients with paralysis of the recurrent nerve. *Acta otolaryng*; 75: 372-4.

Pedersen 1976

Pedersen M Fog (1976). A clinical examination of patients with benign tumors of the larynx, before and after microlaryngoscopy. *Proc XVIIth congress International Association Logopedics and Phoniatrics*; pages 378-80.

Pedersen 1976

Pedersen M Fog (1976). Examination of the development of formants in schoolboys. *Proc. XVIIth congress International Association Logopedics and Phoniatrics. Folia Phoniatr*; 28: 4-5,278.

Pedersen 1977

Pedersen M Fog (1977). Electroglottography compared with synchronized stroboscopy in normal persons. *Folia phoniatr*; 29:191-200. [NCBI-link](#)

Pedersen 1977

Pedersen M Fog (1977). Electroglottography compared with synchronized stroboscopy in students of music. *The study of sound, Tokyo*; 18:423-34.

Pedersen 1980

Pedersen M Fog, Eriksen K, Heramb (1980). A follow up study of patients with voice disorders. *Proc XVIIIth congress International Association Logopedics and Phoniatrics*; 1:621-6.

Pedersen 1981-82

Pedersen M Fog, Munk E (1981-82). Register undersøgelser hos drenge i Københavns drengekor. *Dansk oto-laryngologisk selskabs forhandlinger*; pages 36-7.

Pedersen 1982

Pedersen M Fog, Kitzing P, Krabbe S, Heramb S (1982). The change of voice during puberty in 11 to 16 years old choir singers measured with electroglottographic fundamental frequency analysis and compared to other phenomena of puberty. *Acta otolaryngol*; S386:189-92.

Pedersen 1983

Pedersen M Fog, Munk E, Bennett P, Møller S (1983). The change of voice during puberty in choir singers measured with phonetograms and compared to other phenomena of puberty. *Proc Xth International Congress of Phonetic Sciences*; pages 604-9.

Pedersen 1983

Pedersen M Fog, Munk E (1983). Register examination during mutation in the Copenhagen Boys choir. *Proc XIXth congress International Association Logopedics and Phoniatics*; pages 686-7.

Pedersen 1983-84

Pedersen MF, Krabbe S, Bennett P, Møller S (1983-84). Androgenstatus, grundfrekvens og fonetogrammer i puberteten hos kordrenge. *Dansk oto-laryngologisk selskabs forhandlinger*; pages 50-1.

Pedersen 1983-84

Pedersen MF, Munk E, Kitzing P(1983-84). Sangkvalitet, musikalsk toneomfang vurderet i forhold til fonetogrammer og androgen status i puberteten hos kordrenge. *Dansk oto-laryngologisk selskabs forhandlinger*; pages 50-1.

Pedersen 1984

Pedersen MF, Møller S, Krabbe S, Munk E, Bennett P, Kitzing P (1984). Change of voice in puberty in choir girls. A cross-sectional study of electroglottographically measured fundamental frequency in reading compared with phonetograms, pubertal stages and the endocrine analysis. *Acta otolaryngol Stockholm*; S412: 46-9.

Pedersen 1984

Pedersen MF, Lindskov Hansen H, Lindskov Hansen T, Munk E. (1984). A phonetograph for use in clinical praxis. *Acta otolaryngol Stockholm*; S412: 138.

Pedersen 1985

Pedersen MF, Møller S, Krabbe S, Munk E, Bennett P (1985). A multivariate statistical analysis of electroglottographically measured fundamental frequency in choir boys compared with androgens and other phenomena of puberty. *Folia phoniatr*; 37: 271-8.

Pedersen 1985

Pedersen MF, Møller S, Eriksen K, Søndergaard U (1985). Quantitative and qualitative diagnosis of children with voice disorders. *New dimensions in oto-rhino-laryngology, head and neck surgery*; 2: 470-1.

Pedersen 1986

Pedersen MF, Møller S, Krabbe S, Bennett P (1986). Fundamental voice frequency measured with glottography during continuous speech. *Int J pediatric oto-rhino-laryngol*; 11: 21-7.

Pedersen 1986

Pedersen MF, Møller S, Krabbe S, Bennett P, Munk E (1986). Phonetograms in choir boys compared with voice categories, somatic puberty and androgen development. *J research singing*; 9:39-49.

Pedersen 1986

Pedersen MF, Lindskov Hansen H (1986). Computerized phonetograms for clinical use. *Folia phoniatr, Proc XXth congress International Association Logopedics and Phoniatics*; pages 170-1.

Pedersen 1987

Pedersen MF, Møller S (1987). A transport globulin, serum hormone binding globulin, as a predicting factor of voice change in puberty? *Proc Xth International Congress Phonetic Sciences*; 4:296-9.

Pedersen 1988

Pedersen MF, Seidner W, Wendler J (1988). Collection and processing of voice field data. Methodical approaches. *Proc XVth congress Union of European Phoniaticians, Erlangen*; page 107.

Pedersen 1988

Pedersen MF, Hacki T, Loebell E (1988). Videostroboscopy of choir boys in puberty (film). *Ed. Medizinische Hochschule Hannover*.

Pedersen 1990

Pedersen MF, Møller S, Krabbe P (1990). Voice categories compared with phonetograms, androgens, estrogens and puberty stages in 8-19 year old choir girls. *J research singing*; 13: 14.

Pedersen 1990

Pedersen MF, Møller S, Krabbe S, Bennett P, Svenstrup B (1990). Fundamental frequency in female puberty measured with electroglottography during continuous speech as a secondary sex characteristic. A comparison between voice, pubertal stage, estrogens and androgens. *Int J pediatric otolaryngology*; 20: 17-24.

Pedersen 1991

Pedersen MF (1991). Computed phonetograms in adult patients with benign voice disorders before and after treatment with a non-sedating antihistamine (Loratadine). *Folia phoniatri*; 43:60-7. [Download PDF](#), [NCBI-link](#)

Pedersen 1991

Pedersen MF (1991). Pilotstudie der Stimmfunktion vor und nach Behandlung von Hirngeschädigten, in: Die Krankheit der Stimme, die Stimme der Krankheit. Ed H Gundermann. *Fischer Verlag*; pages 162-71.

Pedersen 1991

Pedersen MF (1991). Book review. C.E. Seashore: Psychology of music. *Dover Publications, Minesota, 1st ed. 1938, 2nd edition 1962*. *Folia phoniatri*; 44: 312.

Pedersen 1991

Pedersen MF (1991). Die biologische Entwicklung der Stimme in der Pubertät. Bundesverband Deutscher Gesangspädagogen. *Dokumentation, ed. Detmold Hochschule für Musik*; pages 28-37.

Bühning 1992

Bühning G, Pedersen MF (1992) Fractal dimensions of phonetograms, a stratified and longitudinal study during development of male voices. *XXIIInd congress International Association Logopedics and Phoniatics no 1*; pages 1-9.

Krushevskaja 1992

Krushevskaja I, Pedersen MF (1992). A pilot study of radiated voices in Chernobyl. *Proc XXIIth Congress International Association Logopedics and Phoniatics*, 16.

Truuverk 1992

Truuverk C, Pedersen MF (1992). A pilot study of phonetograms compared with menopausal estrogens and androgens in 4 sopranos in World festival choir. *Abstract XXIInd Congress International Association Logopedics and Phoniatics*; 2:85.

Pedersen 1992

Pedersen MF, Christiensen AL (1992). A study of phonetograms in young brain damaged people. *Proc XXIIInd congress International Association Logopedics and Phoniatics no 7, 1-3*.

Pedersen 1993

Pedersen MF (1993). A longitudinal pilot study on phonetograms / voice profiles in pre-pubertal choir boys. *Clin otolaryngol*; 18: 488-91. [NCBI-link](#)

Pedersen 1995
